PROFILE

I am a skilled Front End Web Developer with expertise in React.js, creating high-performance websites with responsive user interfaces. I possess a blend of creativity and technical expertise, delivering exceptional results while adhering to best practices.

Work Experience

Vision Dimension | Front End Web Developer

4 /2023 – Present

During my time as a React Front End Developer at Vision Dimensions Company since 4/2023, I worked on two significant projects. Firstly, I developed the front end of a dashboard that oversees all organization management. Secondly, I created a CMS-based website that allows users to view and request various services provided by the company. The website link is www.vd-2030.com, and the dashboard link is visiondimensions.com

Free Lancer | Full Stack Web Developer

5 / 2021 – Present

I utilized the MERN stack to develop custom web applications and responsive web pages as a freelance front-end developer. I collaborated with clients to deliver tailored solutions and provided ongoing maintenance and support services.

CORE SKILLS

Front-End Development

Html, CSS, SASS

TypeScript, JavaScript

OOP

React.js

NEXT.js

Redux, Redux Toolkit
